# CRAIG ANDERSEN

SOFTWARE ENGINEER | CRAIGANDERSEN.IO

## OBJECTIVE

---

I seek to deliver value through solving challenging problems. I love being challenged/pushed to grow, it is where I find happiness.

## SKILLS

---

Node.js • Express • PostgreSQL  
React • Angular • SASS • GIT  
Elasticsearch • Python • AWS •  
JavaScript Webpack • HTML5 •  
CSS3 • Redis • APIs • MySQL

## EXPERIENCE

---

### SOFTWARE ENGINEER • ZEFR INC • 10/2016 - PRESENT

- I work on a dozen internal facing applications that collect, organize, display, and analyze data for our internal customers.
- I added a feature that used Google Maps API to allow our users to search our database with custom polygons created with Maps.
- Served as a mentor to new hires and Junior Developer

### PRESS TECHNICIAN • US SYNTHETIC • 02/2010 - 06/2016

- Employ PDCA method to problem solve throughout workday.
- Paid attention to detail throughout processing to deliver quality to the customer.

## EDUCATION

---

### IMMERSIVE WEB DEVELOPMENT • 09/2016 • DEVMOUNTAIN

Worked minimum 12 hours a day at learning and applying Angular, React, Node, Express, PostgreSQL and SASS. Completed 3 projects that are available @ craigandersen.io.

## VOLUNTEER EXPERIENCE OR LEADERSHIP

---

- I served in Texas and New Mexico for two years from April 2006 to April 2008, as a missionary for the Church of Jesus Christ of Latter-day Saints. While there I learned to be a self-starter and how to be productive with my time.
- I currently serve on my HOA board of directors and I am an active member of my neighborhood and community.
